REMARKS - General

This is responsive to the Examiner's Office Action mailed December 31, 2007. Applicants have amended claims 22-30; have cancelled claims 1-4, 6-17, and 19-20. Thus, claims 5, 18, and 21-30 (a total of 12 claims, including 2 independent claims) are pending in this application.

The status of all claims and all pending claims are shown above. In the changes made to the claims by the current amendment, ~~deletions are shown by strikethrough~~, and additions are underlined.

Discussion of Inventorship

Applicants certify that the subject matter of the various claims in this patent application was commonly owned at the time any invention covered therein was made absent any evidence to the contrary.

Discussion of Claims Objections

Examiner objected claims 22-30 of the informalities. Applicants have amended claims 22-30 to recite "The" and delete "Te" in claims.

Discussion of Claims Rejections - 35 USC §102

Examiner rejected claim 3 as being clearly anticipated by Helmus, US 2003/0153972. Applicants have cancelled claim 3 from further consideration.

Discussion of Allowable Subject Matter

Applicants acknowledge that claims 5, 18 and 21 are allowed.

Respectfully submitted,

Hosheng Tu, applicant
